6/28/2021

Select Board,

Since my last report at the beginning of April the department has responded to 14 calls in May and 16 in June. This is close to our typical average. I have noticed a slight uptick in call volume since Covid restrictions have been lifted. I believe this to be a result of more people getting out and about and being more active. Over the 2 months we had six days with multiple calls for that day. I see no discernable pattern other than we are getting busier.

We have tested Amkus and Genesis extrication equipment. We plan to try out Halmatro this week and hopefully Hurst soon. Once we have tried them all we will make our decision.

We are waiting on one more LED light to come in, and then we will send Eng.2 out for its refresh.

Respectfully Submitted,

Chief Jesse Peters
