

Section 400 Definitions

The following definitions were added based on the new Ordinance changes:

- Advanced Wastewater Treatment Disposal System, in reference to Section 908C.2.3.a.
- Significant Wildlife Habitat, in reference to Section 905C.2.d.vii.
- Subdivision, Conservation, in reference to Sections 902-908
- Watershed, in reference to Section 905C.1.f.

Section 612 Special Provisions for Cluster Subdivision

- Section 612 was deleted and will get replaced with the new Conservation Subdivision standards in Section 900

Section 900 Subdivision

- Section 902 includes the project classification for minor and conservation subdivisions
- Section 905 includes a pre-application meeting with the Planner, a Conceptual Plan, and a site visit as well as submission requirements for a site context map and existing features map.
- Section 906 includes procedure updates following the Conceptual Plan meeting. Identification of all designated Open Space has been added as a submission requirement under Section 906B.1.w.
- Section 908 includes all new performance standards for Conservation Subdivisions.
