Public Work

Road Commissioners Report

May 22, 2023

This month the public works started working on some ditching and drainage issues on the Libby Road. The crew also has been grading and shaping gravel roads from the winter months. This consists of pulling shoulders of the gravel roads and sloping the travel lanes to allow rain water to shed off into the ditches. In this process we reclaim some of the gravel that was plowed onto the shoulders of the roads during the winter season. Some of the other tasks the public works has been working on are.

- Cutting brush and pruning trees
- Cleaning up storm debris
- Fixing washouts and pothole
- Crack sealing a Section of Brown Road
- Grading and adding gravel or roads as needed
- Fabricating bumpers for dump trucks
- Maintenance on the salt shed
- Gearing up for dust control

Next week the public works crew will start dust control on some of our gravel roads in town, as well as continuing drainage work and tree pruning on the Libby Road project.

Town Administrator Report
May 22, 2023

The counter has been busier than normal. We have seen an increase in new vehicle purchases along with recreational vehicles. I attribute that to supply being better and dealers offering incentives and rebates.

The deputy clerk completed the required state motor vehicle training during that time I covered the counter. My focus continues to be on training for the counter transactions. We have also been doing some training on elections as we continue to prepare for the upcoming June election.

Here are a few other items of focus these last 2 weeks:

- Annual Report Edits
- Town Meeting Warrant Edits
- Motor Vehicle Reports
- RFP coordination
- Election preparation
- Balanced the general checking account

Respectfully,
Becky Taylor-Chase
Town Administrator
